

OSU Extension – Wayne County PRESENTS

2025 Agronomy School

The Ohio State University Extension, Wayne County, will be hosting their 2025 Agronomy School on February 4th. This year's program will feature presentations which focus on targeting input costs for the 2025 growing season. We will feature a variety of OSU specialists covering topics soil fertility, seed treatments, foliar fungicides and fertilizers, soybean diseases, and on-farm research. Lunch will be provided to attendees. There will also be 5 CCA Continuing Education Credits offered.
