2018 Ohio Certified Crop Adviser of the Year Award

The Ohio Certified Crop Adviser (CCA) Program is sponsoring one state award titled “Ohio Certified Crop Adviser of the Year”. The award program is designed to recognize an individual who is highly motivated, delivers exceptional customer service for farmer clients in nutrient management, soil and water management, integrated pest management and crop production, and has contributed substantially to the exchange of ideas and the transfer of agronomic knowledge within the agricultural industry in Ohio.

Purpose

The purpose of this award is to increase the awareness that both farmers and their service people strive to do their best in making cropping decisions that are economically and environmentally sound. A CCA must meet the standards set by the American Society of Agronomy (ASA) and maintain the certification through continuing education. They also sign a code of ethics pledging to do their best and operate in the best interests of their client. Together, a farmer and a CCA, make a team that is working to manage an economically viable business while practicing responsible stewardship. This is a win/win approach for both farmers and CCAs.

Eligibility

1. Nominee must hold a current Ohio CCA certification and be in good standing.
2. Nominees will be evaluated on the basis of the information provided in the nomination, and for the finalists from participation in an interview.
3. Individual must be nominated.
4. Resubmittal of previous nominations acceptable as long as they are on current nomination form.
5. Former recipients of the Ohio Excellence in Crop Advising Award are not eligible

Nomination Process

6. The Ohio CCA Board will notify the farm press, County Farm Bureaus, County OSU Extension offices and County Soil & Water Conservation Districts of the request for nominations.

A. Nominators are to submit nominations to the Ohio CCA Board by January 5, 2018.
B. Selection Committee (made up of a commodity board grower member, an Ohio CCA board member and an industry representative) to review the nominations and select the top five candidates.
C. The top five candidates may be asked to participate in an interview conference call, of up to 30 minutes. The selection committee will then select the winner.
D. The state winner and nominator are notified (March).

Recognition

6. The Ohio Certified Crop Adviser of the Year Award will be presented at the 2018 Conservation Tillage Conference on March 6th in Ada, Ohio. The state award includes a plaque, recognition in industry publications, and a significant cash award from the agronomic industry.
